Dear Mr. Fleming:

Enclosed is a copy of the Army Corps of Engineers' letter we discussed yesterday.

As agreed, I will not respond to correct misconceptions expressed in the first two paragraphs. While the groundwater monitoring upgrade required by Order HM-358 will indeed address some closure plan deficiencies a separate closure plan Notice of Deficiency is to be issued shortly.

If you have further questions, please contact me at 566-1848.

Sincerely,

*Kenneth Feathers*
