Attn: Michael W. Fedak

RE: Clean Water Act Administrative Order
Docket No. 93-35

Dear Mr. Fierra:

This letter is to serve notice that Textron Lycoming has completed the April 30, 1994 compliance order deadline for modification of the Chip Pit and Scrap Yard operations. Both the Chip Pit and former Scrap Yard containers have been taken out of service. The two new storage facilities consist of above ground storage containers located in bermed areas with overhead canopies to eliminate oil & grease runoff during rain storms.

If you have any questions regarding this information please call me at (203) 385-3741. Thank you.

Sincerely,
TEXTRON Lycoming

James P. Runstadler
Manager, Environmental Services
