RE: Tenth Year, Second Quarter Groundwater Assessment Monitoring Program

Dear Mr. Shteynberg:

Enclosed please find the Groundwater Report for the tenth year, Second quarter monitoring results at the Stratford Army engine plant operated by Textron Lycoming in Stratford, Connecticut.

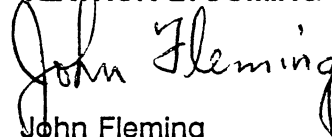

This work and report was performed, prepared and submitted to us by Mr. T. Hughes with C. A. Rich Consultants, Inc. in continuing our Groundwater Assessment Monitoring Program. We are now submitting the report to you.

The third quarter sampling is tentatively scheduled for August 24-25, 1993 to correspond with a Comprehensive Monitoring Evaluation (CME) which the U.S. EPA wants to conduct. Although the C.A. Rich report indicates July 13-14 date, the August date is the current correct date.

If you any questions, please do not hesitate to contact us.

Sincerely,

TEXTRON LYCOMING

John Fleming
