Ms. R. Gatter-Evarts, Envir. Analys.  
Ct. DEP - Water Compliance  
122 Washington St.  
Hartford, CT 06106

Dear Ms. Gatter-Evarts:

This is a follow-up letter to confirm our discussion on Friday (1/6/89) in reference to the Discharge Toxicity Evaluation report submitted in December.

Textron Lycoming is evaluating several possible changes to look at some issues brought up as a result of the DTE report. The evaluation will probably take about a month to complete and possibly implement.

Very truly yours,

TEXTRON LYCOMING

John Fleming, Supv.  
Environmental Compliance
