RE: RCRA Closure Certification, AVCO Corporation, Textron Lycoming  
Stratford Army Engine Plant

Dear Mr. Ringquist:

In response to your letter of May 12, 1992 requesting additional information following your review of the closure certification documents submitted July 25, 1990 and September 11, 1990, AVCO Corporation, Textron Lycoming Stratford Army Engine Plant hereby resubmits the closure certification documents for closure of its surface impoundment EPA I.D. No. CTD001181502.

A copy of your letter dated May 12, 1992 is enclosed followed by an itemized response to the specific comments included in Attachment 1 of your letter. A reference to the appropriate section of the closure documents has been included in the response to each of the comments where applicable.

Please contact me if you have any questions regarding this material. Thank you.

Sincerely,

James Runstadler
