RE: Thirteenth Year, Second Quarter Groundwater Assessment  
Monitoring Program

Dear Mr. Shteynberg:

Enclosed you will find the Groundwater Assessment Monitoring Report for the thirteenth year, second quarter from the May 21 sampling at the Stratford Army Engine Plant operated by AlliedSignal Inc. in Stratford, Connecticut.

This work was performed, the report prepared, and delivered to us by Mr. Thomas Hughes of Sound Environmental Solutions in continuing our Groundwater Monitoring Assessment Program.

The thirteenth year, third quarter sampling is scheduled for August 27, 1996.

We have reviewed the report and findings and are now submitting the report to you. If you have any questions, please do not hesitate to contact me at (203) 385-3964.

We are also submitting the correspondence to reduce the frequency of the sampling from quarterly to semi-annually.

Sincerely,  
  
John Fleming  
AlliedSignal Engines
