Gentlemen:

As you know, the Connecticut Department of Environmental Protection (CT DEP) has been delegated the NPDES permit and compliance programs in the State and has assumed the responsibility for reviewing your discharge monitoring reports (DMR). EPA regularly meets with the CT DEP to review your compliance with your NPDES permit; therefore, it is not necessary for you to submit a copy of your DMR's to this office. However, you must continue to submit your DMR's to the CT DEP at the stipulated interval. Failure to submit the DMR's within the required time period will subject your organization to an EPA or CT DEP enforcement action.

If you have any questions, please contact Michael Fedak of this office at (617) 565-3481.

Sincerely yours,

Michael Fedak
