Re. Submission of Environmental Condition Assessment Form (ECAF)  
United States Army Stratford Army Engine Plant  
550 Main Street, Stratford, Connecticut

Dear Ms. Duva:

United States Army Stratford Army Engine Plant (SAEP) is submitting the attached ECAF document in accordance with the provisions of Section 22a-449(c)-105(h) of the Regulations of Connecticut State Agencies.

SAEP is currently in the remedial investigation phase of the installation's environmental restoration program under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). A comprehensive environmental description of SAEP can be found in the draft 2003 Remedial Investigation Report, which was submitted to your department for review in January 2003. This document is also the source for most of the data included in this ECAF submission.

Mr. Kenneth Feathers of the Connecticut Department of Environmental Protection Site Remediation Division is our assigned CTDEP site coordinator.

If you have any questions or need additional information, please do not hesitate to contact this office at 203-385-4453.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter W. Szymanski", is written over the typed name.
