Re: Draft Final Engineering Evaluation/Cost Analysis
for Operable Unit 2 Source Areas
Stratford Army Engine Plant
Stratford, CT

Dear John:

The United States Environmental Protection Agency (EPA) has reviewed the draft final document entitled "Engineering Evaluation/Cost Analysis for Operable Unit 2 Source Areas, Stratford Army Engine Plant, Stratford, Connecticut." This Engineering Evaluation/Cost Analysis (EE/CA) is dated November 17, 2000. EPA notes that while the document is referred to as a draft final version, this is the first time that EPA has had an opportunity to review the document.

EPA's comments on the above-mentioned EE/CA are provided in Attachment I to this letter.

If you have any questions regarding these comments, please contact me at (617)918-1387.

Sincerely,

Meghan F. Cassidy
Remedial Project Manager
