

June 26, 2008

Mr. William T. Birney
Acting Deputy Assistant Secretary of the Army
(Installations and Housing)
OASA (I&E)
110 Army Pentagon
Washington, DC 20310-0110

Dear Mr. Birney:

I am concerned about the recent developments regarding the Stratford Army Engine Plant.

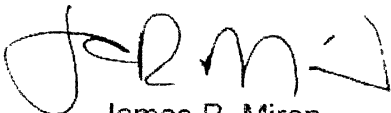

Accordingly, I am requesting a meeting to be fully briefed on the status of the Stratford Army Engine Plant to include answers to the following questions:

1. What entity do the Army and GSA recognize as the successful bidders?
2. What are the names, addresses and phone numbers of each person that represents the successful bidder that the Army and GSA are working with?
3. Where in the process is the Army and GSA in transferring the Stratford Army Engine Plant to the successful bidder?
4. What are the next steps and time frames for the next 6 months?
5. What is the "drop dead" date for closing before the successful bidder loses its deposit?
6. What happens to the Stratford Army Engine Plant if the successful bidder forfeits its deposit?
7. Does the Army or GSA have a position on the recent litigation? If so, what is it?
8. If not, how has the lawsuit affected dealings with the successful bidder?

Please have someone contact Ashley in my office to set up a time we can meet in person on this matter of utmost importance to the Town of Stratford and me.

I look forward to hearing from you soon.

Sincerely,

James R. Miron
Mayor
