

———— PUBLIC NOTICE ————

U.S. Army Corps of Engineers, New England District

Stratford Army Engine Plant
Stratford, CT

———— ***US Army Corps of Engineers Issues Proposed Remedial Action Plan*** ————

The United States Army Corps of Engineers, New England District (USACE) is seeking public comment on the Proposed Plan for Environmental Restoration (Proposed Plan) for the Tidal Flats and Outfall-008 drainage ditch sediments, a preferred mechanical dredging and on-site beneficial re-use of sediments alternative, at the Stratford Army Engine Plant Site located in Stratford, Connecticut.

To ensure that the community's concerns are addressed, **a public comment period runs from November 11, 2019 through December 13, 2019**. During this time, the public is encouraged to submit any comments on the Proposed Plan to USACE.

USACE will host a Public Meeting on Tuesday December 10, 2019 from 6:30pm – 8:30pm in the Baldwin Center located at 1000 W Broad St, Stratford, CT 06615 to present the Proposed Plan and take public comments. Written comments on the Proposed Plan may be sent to:

Erika L. Mark
U.S. Army Corps of Engineers
New England District (USACE)
696 Virginia Road
Concord, MA 01742-2751
Email: nae-pn-nav@usace.army.mil

USACE encourages the public to review the Proposed Plan and the documents that make up the Administrative Record to gain a more comprehensive understanding of the Site and the environmental investigation activities that have been conducted here. The Proposed Plan and Administrative Record for the Site can be accessed at <https://www.nae.usace.army.mil/Missions/Projects-Topics/Army-Engine-Plant-Environmental-Restoration-Project/>.
